

I Will Rise Again

Shakra

Lead me and I will follow
Sorry, but I'm not looking back
Won't spend my life in sorrow
This time I'm hitting the right track

You made my heart ache too long
You done me wrong
You broke my heart, from now on
I'm staying strong

I will rise again tonight
I will touch the sky
I will rise again tonight
I will touch the sky

Oh, I should have known better
I thought I was the chosen one
"B" and "itch" as last letter
I will not miss you now you're gone

You made my heart ache too long
You done me wrong
You broke my heart, from now on
I'm staying strong

I will rise again tonight
I will touch the sky
I will rise again tonight
I will touch the sky...
