

# Nightlife

Shakra

Everyday seems like a repetition  
Like a daily soap on MTV  
I think it is time for a decision  
Triteness ain't no longer fun for me

Ready for the nightlife?  
Ready to loose your brain again  
We're gonna have a good time, let's go insane  
Ready for the nightlife?  
Ready to loose your brain again  
Now the time is right to go insane

You look like you need a variation  
like you need a little change of air  
i can try to serve your expectation  
Your whole life awaits you right out there

Ready for the nightlife?  
Ready to loose your brain again  
We're gonna have a good time, let's go insane  
Ready for the nightlife?  
Ready to loose your brain again  
We're gonna have a good time, let's go insane

Ready for the nightlife?  
Ready to loose your brain again  
We're gonna have a good time, let's go insane  
Ready for the nightlife?  
Ready to loose your brain again  
Now the time is right to go insane
