

## Stronger Than Ever

Shakra

People telling me  
How I have to be  
All I do seems wrong  
This just can't go on

What about believing?  
Look into my eyes

Can't you see it? (I'm stronger)  
Can't you feel it? (than ever)

Yes I really know where I will go  
What I wanna do with my life and I know  
That I am okay, I'll go my way  
So don't try to stop me no more

I am not the one  
That I used to be  
All my fears are gone  
Finally I'm free

I don't need no hiding  
This is who I am

Can't you see it? (I'm stronger)  
Can't you feel it? (than ever)

Yes I really know where I will go  
What I wanna do with my life and I know  
That I am okay, I'll go my way  
So don't try to stop me no more
