Take Me Now

I'm driving lonely, I'll soon be there Another night, still no one wants to share I wanna feel you oh right now And you wanna say "I will never let you go!"

I wanna feel you woman, yeah I really do now Let me feel you woman, gonna get it on!

Take me now, feel my hardness in you That's the way our love has to be Take me now, feel my hardness babe, take me now, feel my hardne ss, babe Take me now, feel my hardness in you, oh yeah!

You just ignor me, i don't give up I'm behind you back and i will never stop I'm gonna get ya! oh, be sure! Soon, you'll see you can't get enough of me!

I wanna feel you woman, yeah I really do now Let me feel you woman, gonna get it on!

Take me now, feel my hardness in you That's the way our love has to be Take me now, feel my hardness babe, take me now, feel my hardne ss, babe Take me now, feel my hardness in you, yeah! yeah! yeah!

Take me now, feel my hardness in you That's the way our love has to be Take me now, feel my hardness babe, take me now, feel my hardne ss, babe Take me now, feel my hardness in you

Take me now, feel my hardness in you That's the way our love has to be Take me now, feel my hardness babe, take me now, feel my hardne ss, babe Take me now, feel my hardness in you Take me now
