

Attention To My Baby

Shalamar

I miss those late nights, out hanging with the boys
But if it come down to choosing, baby you're my choice
My friends all say that I have change my style of living
And when they asked me why, I tell them I'm giving

Attention to my baby (Attention to my baby)
This time I'm doing all I can for love
Attention to my baby (Attention to my baby)
And I won't ever give up on her

Working on my job takes so much of my time
But when I'm through, there's only one thing on my mind
Let's get away right now, take a trip together
Got to find ways to keep love going, and that's giving

Attention to my baby (Attention to my baby)
This time I'm giving all I can for love
Attention to my baby (Attention to my baby)
I ain't got no time for nobody else
I'm giving attention to my baby (Attention to my baby)
Sometimes it's what a woman really needs
Attention to my baby (Attention to my baby), that's what I'm giving
Alright, ooh, ooh, ooh

Don't have to worry about me being let astray
'Cause if I do wrong, it's gonna come back
I won't live my life that way
You won't be spending one single night alone
'Cause love's work is never done and I'm bringing it on home

Giving attention to my baby (Attention to my baby)
Sometimes it's what a woman really needs
Attention to my baby (Attention to my baby), that's what I'm giving
And that's why I'm giving (Attention to my baby)
Ooh, ooh, ooh, hey baby (Attention to my baby)
That's what I'm giving right now
Girl, I'm giving you love

I'm giving it to my baby
Giving up attention to my baby
I ain't got no time for no one else
Giving up attention to my baby
Girl, you got my love all to yourself

(Attention to my baby)
Oh baby, giving up attention
(Attention to my baby)
Giving up attention
(Attention to my baby)
I ain't got no time for no one else (Attention to my baby)
Girl, you got my love all to yourself, ooh, ooh (Attention to my baby)
Ooh, ooh, ooh
Girl, I'm giving attention to my baby (Attention to my baby)
Sometimes it's what a woman really needs
