

Melody - An Erotic Affair

Shalamar

You're like a dream
Though you seem to fade away
Remember the times, we shared a glass of wine
So, the story unwinds

The sun and the day has begun
And you and I are one
We share a love beyond compare
Erotic affair

Here in a world of our own, making love
Baby, is this a dream that can't go on? No
Can we survive, can we make it last? Oh
Oh, girl, can we survive, can we survive?

Melody, inside of me
Melody, you set me free with my
Melody, our love will always be
Harmony in melody

We live in a time
Where we can't seem to find the way to love
But given a chance
We'll find a way to make romance

Show me your heart
And maybe we can start to share
A dream of our own, we'll never be alone
We'll live this erotic affair

Here in a world of our own, making love
Ooh, baby, is this a dream that can't go on? No
Can we survive, can we make it last? Oh
Can we survive, can we survive?

Melody, inside of me
Melody, you set me free with my
Melody, our love will always be
Harmony in melody

Melody, inside of me
Melody, you set me free with my
Melody, our love will always be
Harmony in melody

Here in a world of our own, making love
Is this a dream that can't go on? No
Can we survive, can we make it last? Oh-ho-oh
Can we survive, can we survive? Ooh

Melody, inside of me
Melody, you set me free with my
Melody, our love will always be
Harmony in melody

Melody, inside of me
Melody, you set me free with my

Melody, our love will always be
Harmony in melody

Melody, inside of me
Melody, you set me free with my
Melody, our love will always be
Harmony in melody

Harmony in melody
Harmony in me-lo, me-lo, me-lo...
Yeah, yeah, yeah, yay, yay, yay, yay, yaaay...
