Don't go  
I wanna make it alright  
Don't go  
We can make it alright

Don't go  
I wanna make it alright  
Don't go  
We can make it alright

Deep dive to follow love once new  
'Cause inside's a never ending you  
One time with nothing left to prove  
'Cause inside's a never ending you

Don't go  
I wanna make it alright  
'Cause inside's a never-ending you  
Don't go  
We can make it alright  
'Cause inside's a never-ending you

Don't go I wanna make it all alright  
Don't go I wanna make it all alright  
Don't go I wanna make it all alright  
Don't go I wanna make it all alright

'Cause inside's a never-ending you

Deep dive to follow love once new  
'Cause inside's a never ending you  
One time with nothing left to prove  
'Cause inside's a never ending you

Don't go I wanna make it all alright  
Don't go I wanna make it all alright  
Don't go I wanna make it all alright  
Don't go I wanna make it all alright

'Cause inside's a never-ending you
