

Find

Shallou

Oh-oh-oh-oh

I've been up all night thinking
About you, about where I am going
I, I can't stay
But I can hardly move
Hardly
And I, I can say
Say that I'm off to

I find you again
I find you again
Oh, oh
Hardly move
Make a few move
Hardly move
Make a few move

I've been up all night in silence
Somehow you keep myself from hiding
I, I can't stay
But I can hardly move
Hardly move
And I, I can say
Say that I'm off to

I find you again
I find you again
Oh, oh
Hardly move
Make a few move
Hardly move
Make a few move
Oh, oh
Oh, oh

I, I can't stay
But I can hardly move
I, I can say
Say that I'm off to
I find you again
