

## High Tide

Shallou

Push me in  
Lose my soul  
Take this heartbeat  
And make it whole  
Push me in  
To rocks and calls  
Left my love there  
On the coast

Kiss me off  
Through the night  
Wandering thoughts of  
Being alive  
Down empty roads  
One way streets  
Still speed back to  
A place called home, oh

Push me in  
Lose my soul  
Still speed back to  
A place called home
