

Darling, I would love you for a lifetime  
Even when something's going wrong  
Just hold out your hand and I will love you  
And your heart's breaking  
I'll follow with you down that lane

Ooh  
I will always love you  
I will always love you  
Love you  
I will always love you  
I will always love you  
Love you, love you

Darling, I would love you for a lifetime  
Even when something's going wrong  
Just hold out your hand and I will love you  
If you're still waiting  
Always I'll be by your side

Ooh  
I will always love you  
I will always love you  
Love you  
Love, love  
I will always love you  
Love  
I will always love you  
Love you, love you

I will never let you go  
Oh  
I will never let you go  
No  
I will never let you go  
Oh  
I will never let you go  
Go go go

Ooh  
Love  
Ooh  
Love, love, love

I will always love you  
Love you, oh  
I will always love you  
Love you, love you
