

## Mutual Love

Shallou

If you pick up when I'm calling  
I'll catch you when you're falling  
If you give all of your loving  
I'll hold you til the world ends  
I'll hold you til the world ends mmm

This mutual love  
It won't work with just one of us  
Mutual love  
It wanna break if we both don't trust  
It won't work with just one of us

If you stay here in the moment  
I'll follow where you're going  
If you slow down when I'm rushing  
I'll chase you when you're running  
I'll chase you when you're running mmm

This mutual love  
It won't work with just one of us  
Mutual love  
It wanna break if we both don't trust  
It won't work with just one of us, this mutual love

When I feel  
Like I'm on the edge, I'm on the edge  
You remind me  
It's all in my head, all in my head

This mutual love  
It won't work with just one of us  
Mutual love  
It wanna break if we both don't trust  
It won't work with just one of us, this mutual love
