

Off And On

Shallou

Off and on
I wonder where you go
Off and on
I hope you're coming home
'Cause I need you to say this once
That feelings that I need to know
Off and on
I hope you're coming home
I hope you're coming home

One time, one time
One time for people in the back
One time, one time
One time, one time
One time for people in the back
One time, one time

Off and on
I wonder where you go
Off and on
I hope you're coming home
'Cause I need you to say this once
That feelings that I need to know
Off and on
I hope you're coming home

'Cause I need you
'Cause I need you
'Cause I need you
'Cause I need you

One time, one time
One time for people in the back
One time, one time
One time, one time
One time for people in the back
One time, one time
Off and on
