

Cause we're almost home  
I can see the shoreline  
The shoreline now

When your love runs cold  
I'll always be your lifeline, your lifeline now

Following love  
For you  
And we will go  
Where no one knows

Following love  
For you  
And we will go  
Where no one knows

Following love  
For you  
And we will go  
Where no one knows

Following love  
For you  
And we will go  
Where no one knows
