

So Long

Shallou

You were on my mind for so long
I would call you mine for so long
You're caught in the high for all of your life
Trying to hide your paranoia
You were on my mind for so long

You were on my mind for so long
I would call you mine for so long
You're caught in the high for all of your life
Trying to hide your paranoia
You were on my mind for so long

I will wait for you
If you want me to
And I will wait for you
If you want me to

You were on my mind for so long
I would call you mine for so long
You're caught in the high for all of your life
Trying to hide your paranoia
You were on my mind for so long
