

## Without U

Shallou

I feel lost without you  
I feel, I feel  
I feel lost without you  
I feel, I feel  
I feel lost without you  
I feel, I feel  
I feel lost

I feel, I feel  
I feel lost without you  
I feel, I feel  
I feel lost without you  
I feel, I feel  
I feel lost without you  
I feel, I feel  
I feel lost without you

2 step 'til I run it right back  
2 step 'til I run it right back  
2 step 'til I run it right back

2 step 'til I run it right back  
2 step 'til I run it right back  
2 step 'til I run it right back  
That's the feeling hyped up with the speaker

2 step 'til I run it right back  
2 step 'til I run it right back  
2 step 'til I run it right back

2 step 'til I run it right back  
2 step 'til I run it right back  
2 step 'til I run it right back

2 step 'til I run it right back  
2 step 'til I run it right back  
2 step 'til I run it right back

2 step 'til I run it right back  
2 step 'til I run it right back  
2 step 'til I run it right back  
That's the feeling hyped up with the speaker

2 step 'til I run it right back  
2 step 'til I run it right back  
2 step 'til I run it right back

2 step 'til I run it right back  
2 step 'til I run it right back  
2 step 'til I run it right back

I feel, I feel  
I feel lost without you  
I feel, I feel  
I feel lost without you

I feel, I feel

I feel lost without you  
I feel, I feel  
I feel lost without you  
I feel, I feel  
I feel lost without you  
I feel, I feel  
I feel lost, feel lost without you

And I only need you by my side  
'Cause you showed me what it is to fly  
And I only need you by my side  
'Cause you showed me what it is to fly

And I only need you by my side  
'Cause you showed me what it is to fly  
And I only need you by my side  
'Cause you showed me what it is to fly
