

# Carry On

Shallow Side

And the Music goes  
Hey hey  
And the music goes  
Hey hey  
And the music goes

I  
I've been shamed  
I've been kicked out  
Live deranged  
For this circus  
Oh this circus that I call my home  
And these kids  
They're not friendly  
There's a purpose moving forward  
We're hungry  
We've slept out in the cold on our own  
We've been out on our own  
Our own

And the music goes

We want more than this  
Feel so alive again  
We won't be dismissed  
Cause we would die for this

Hey hey  
And the music goes  
Hey hey  
And the music goes

Fly near the sun  
Don't walk let your fantasies run  
For this circus  
Yes this circus that we call our home  
Yeah  
No rules  
There's no boundaries  
The gifted are cast out as crazies  
Hell has no fury  
Like a judge and a jury  
That's wrong  
That's wrong

And the music goes

We want more than this  
Feel so alive again  
We won't be dismissed  
Cause we would die for this

Hey hey  
And the music goes  
Hey hey  
And the music goes on

When all hope is gone  
Nothing can stop us  
We carry on  
Now that we're able  
No sense in trying to stop our defying the odds  
Now that we're able  
We carry on  
Carry on

And the music goes

We want more than this  
Feel so alive again  
We won't be dismissed  
Cause we would die for this  
We want more than this  
Feel so alive again  
We won't be dismissed  
Cause we would die for this

Hey hey  
And the music goes  
Hey hey  
And the music goes  
Hey hey  
And the music goes  
Hey hey  
And the music goes
