

# Nothing Left

Shallow Side

Just turn around  
And don't look back  
It's that easy  
When nothing's left  
There's nothing left

I thought I told you to stay away  
Cause I don't wanna feel the pain  
Lookin for an out not an enemy  
I guess you are what you wanna be  
Yeah then you  
You make a promise and you take it back  
Just enough to keep me feening and you know that  
You're crawling under my skin to try to stay attached  
I think it's time for you to go now  
Lemme show you how

Just turn around  
And don't look back  
It's that easy  
When nothing's left  
There's nothing left

I wish you knew how to stay away  
Cause I don't wanna see your face  
Always poppin up where you know I'll be  
I don't believe in ghosts but you're haunting me  
Yea when you  
You make a promise and you take it back  
(Just) Leave enough to keep me feening and we know that

We used to be on fire now we're chokin on the smoke  
Living in a lie and it's one that I helped mold  
Lying in the bed that you made dead and decayed ready to fade running away

Just turn around and don't look back now

Just turn around  
And don't look back  
It's that easy  
When nothing's left  
There's nothing left

Just turn around  
And don't look back  
It's that easy  
When nothing's left  
There's nothing, there's nothing left

There's nothing, there's nothing left

There's nothing, there's nothing
