

The Fall

Shallow Side

Feels so different now
It was all too dangerous
Felt the rush inside of me
And I can't live without
Life out on the ledge
Knowing what is next

The fall

When I fall
Will you dive in after me
Make a sacrifice to be my saving grace
Risk it all
Just to love the worst in me
When I fall

These problems seem so new
I've got issues trusting you
You sold me on this drug now I'm feening
Pleading asking why
Can't I fill the void inside
Is there something to hold onto

When I fall
Will you dive in after me
Make a sacrifice to be my saving grace
Risk it all
Will you love the worst in me
When I fall

Can I not fill this void inside me
Is there something to hold onto

Time keeps passing by
Hoping for a change
Never seems to come when ya need it
Pleading asking why
Can't I fill the void inside
Is there something to hold onto

When I fall
Will you dive in after me
Make a sacrifice to be my saving grace
Risk it all
Will you love the worst in me
When I fall
