

You're the Reason

Shallow Side

I'm sorry for believing you
Cause your secrets have secrets too
And I know where you keep them
Same place that I'm leavin'

And any time it's hurts
Every time I fall
And every time I die

You're the reason why
I can't sleep at night
No more tears to cry
Wasted all my life
You're the reason why
I can't let it go
Don't want it there's
No control
Never thought I would stop believin'
And you're the reason

And you're the reason

I'm sorry I believed in you
Cause my demons have demons too
I think I'll release them
Maybe then we'll be even

And any time it's hurts
Every time I fall
And every time I die

You're the reason why
I can't sleep at night
No more tears to cry
Wasted all my life
You're the reason why
I can't let it go
Don't want it there's
No control
Never thought I would stop believin'
And you're the reason

You're the reason why
I can't sleep at night
No more tears to cry
Wasted all my life
You're the reason why
I can't let it go
Don't want it there's
No control
Never thought I would stop believin'
And you're the reason

And you're the reason
And you're the reason
Never thought I would stop believin'
And you're the reason

You're the reason
