As soon as we are born
We're told what to say and do
But only a friend can know the you thats you

So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can if you just try

Arguements your statement
Just say look I'm alive
Just doing what you think is right
Will help you to survive

So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can if you just try

There is noone that should tell you What you can and cannot be The world was made for all of us For you and yes for me

So think before you do what they say
It's your life so go your own way
Questions and answers, honesty, lies
Yes, no, you can't, but you can if you just try
