

15 miles from a service station  
I really need a piss, what a complication  
Please stop I've really got to go  
You're not going fast enough, you're going much too slow

Windowstare, all along the motorway  
Windowstare, yes I could be anywhere  
Windowstare, all along the motorway  
Windowstare, car boot fayre

10 more miles 'till the service station  
Yeah any minute now I'll feel salvation  
Some might say, it's God's creation  
No rest for the wicked, no relaxation

Windowstare, all along the motorway  
Windowstare, yes I could be anywhere  
Windowstare, all along the motorway  
Windowstare, car boot fayre

Cups of coffee in the service station  
Yes you've guessed it end of situation  
I really got worried, how long could I take it?  
I really got worried, I didn't think I'd make it  
But life's so funny and full of frustration  
And even more ridiculous to see it's implications  
I really got worried, how long could I take it  
I really got worried, I didn't think I'd make it

Windowstare, all along the motorway  
Windowstare, yes I could be anywhere  
Windowstare, all along the motorway  
Windowstare, car boot fayre
