

Adderall

Shame

I can't let you slip away
It's not good for your health
If you can barely stay
Around familiar faces

Adderall
It gets you through the day
Adderall
You pop and slip away
Adderall
Your parents really miss you
You've got nothing at all

It feels just like everything
You said that it would be
It's just a momentary ecstasy

Adderall
Adderall
Adderall
It gets you through the day
You've got nothing at all
You pop and slip away
Adderall
Your parents really miss you
You've got nothing at all

You sold my life for me
You sold my life for me
You sold my life for me
You sold my life for me

And I know
I know that it takes
And what it doesn't birth
Is what it doesn't break

And I know it's not the same
I know it's not a choice
You open up the doors
Then you hear another voice

As you say that it's fine
That word you use all the time
That you don't need to quit
You'll just handle it, yeah

(You'll call
I'll stall
The end of the line)
