

March Day

Shame

You said, "Please, get up"
I said, "Can't get up" (Get up)
You said, "Please, get up" (Get up)
I said, "Can't get up" (Get up)

I've been told, "Beauty gets old"
By beggars, knights and cheats (Beggars, knights n' cheats)
If true, then I woke up for nothing, I should just go back to sleep (Go back to sleep)

In my room, in my womb
Is the only place I find peace (I find peace)
All alone, in my home
Yeah, I still can't get to sleep

I can't up, I won't get up
I can't up, I won't get up
I can't up, I won't get up
I can't up, I won't get up

Once smitten, twice removed
Don't doubt it, you got nothing to lose
Raise the flag, now salute
I am right, but I don't want to be rude

Close my eyes, take the pills
Now all I do is just lie still (Still)
Strap in, feel the heat
Cousin of death, I wanna repeat

Wow
(Out of my mind)
Wow
Oh, my God (Out of my mind)

Get yourself up kid
You're a bit too late
Get yourself up kid
Same old mistake

I can't up, I won't get up
I can't up, I won't get up
I can't up, I won't get up

I can't up, I won't get up
I can't up, I won't get up
I can't up, I won't get up

I said, ten times
"Out of mind, out of my mind"
I said, ten times
"Out of mind, out of my mind"

I said, ten times
"Out of mind, out of my mind"
I said, ten times
"Out of mind, out of my mind"

I said, ten times
(I said, "Can't get up, can't get up, can't get up")
"Out of mind, out of my mind"
I said, ten times
(I said, "Can't get up, can't get up, can't get up")
"Out of mind, out of my mind"

I said, ten times
(I said, "Can't get up, can't get up, can't get up")
"Out of mind, out of my mind"
And I told you ten times
(I said, "Can't get up, can't get up, can't get up")
"Out of mind, out of my mind"
