

10/11

Shamir

9/10, this wasn't supposed to be the end
10/11 you were almost 27

But now that you're gone
You left me when I was alone
But still you visit me, even if only in my dreams

30/3 was the last time you saw me
4/27 almost sent me to heaven

And I had to go away, but you made sure I was okay, and I would
do the same, but still I was too far away

And now its much too late, and I'm waiting for you to keep me a
wake, its December 27, keeping me up all the way from heaven
