

## Float

Shamir

You say you love me so  
Even if you know  
It can be very dangerous  
Like a timer ready to blow  
I can always leave  
You won't even have to see me  
And I'll go along my way  
I guess there's no need to stay

So I'll just float with time  
Meet me at the finish line  
Oh, meet me at the finish line

I know you care to see  
The parts deep down in me  
Even if I'm hiding them  
Cause I'm scared they'll chastice me  
But I'm done trying to conform  
I've reachedc my final form  
And I pray the lord have mercy on  
Whoever takes me on

So I'll just float with time  
Meet me at the finish line  
Oh, meet me at the finish line  
Oh, at the finish line  
Oh, oh, at the finish line'

I don't wanna be left behind  
I don't wanna be left behind  
I don't wanna be left behind  
Meet me at the finish line  
Oh, meet me at the finish line  
Meet me at the finish line  
Oh, meet me at the finish line

You say you love me so  
Even if you know  
It can be very dangerous  
Like a timer ready blow
