

Hell

Shamir

Don't show me that you really care
'Cause soon you'll see I live to disappoint
And you'll be fumbling and falling through the cracks
And there be no turning back

I'll keep you hostage in my layer
And leave you drunk on my despair
And make you wish you never fell in love

'Cause I'm hell, covered in a candy coated shell
And I'm coming for you
Oh well, I hope that the heat treats you well
'Cause I'm a demon and I'm coming for you

Don't kiss me, there's poison on my lips permanently
You think you'll lead me straight but don't be fooled
Into thinking I'm slightly sane
'Cause I'm fucking deranged

I'll keep you hostage in my layer
And leave you drunk on my despair
And make you wish you never fell in love

'Cause I'm hell, covered in a candy coated shell
And I'm coming for you
Oh well, I hope that the heat treats you well
'Cause I'm a demon and I'm coming for you
Coming for you
Coming for you
For you

I'll keep you hostage in my layer
And leave you drunk on my despair
And make you wish you never fell in love

'Cause I'm hell, covered in a candy coated shell
And I'm coming for you
Oh well, I hope that the heat treats you well
'Cause I'm a demon and I'm coming for you
Coming for you
Coming for you
For you
