

Scream

Shamir

Somebody told me it's my voice
Somebody told me it's my choice
To kill everything I've worked for
I'll kill everything I worked for

And now I scream
'Cause when I sing
I'm never heard

Somebody told me it's my voice
Somebody told me not to go hoarse
Somebody told me to pull back
I'm too scared to pull back

And now I scream
'Cause when I sing
I'm never heard
I'm not gonna be around for long
