

# They All Control Us Here

Shamir

They all control us here  
Traveled a million light years  
Come from far away?  
Salutations from my stay

They're all washed up now  
Only wanted pounds  
To waste all their years  
That's just how they appear

They all control us here  
Traveled a million light years  
Come from far away?  
Salutations from my stay
