

Wind

Shamir

I was made like the wind, wild and free
Sometimes confinement can bring peace
And other times it makes you crazy

I just wanna live my own life, but that just can't be
'Cause there's a voice inside my head that's tryna kill me

I just want to fly, take off and spread my wings
But then I get paranoid and I never want to leave

I just wanna live my own life, but that just can't be
'Cause there's a voice inside my head that's tryna kill me

I just want to live in the eye of the storm

I just wanna live my own life, but that just can't be
'Cause there's a voice inside my head that's tryna kill me
