

# Don't Call Me Babe

Shampoo

Your little girl  
Is not your little girl no more  
On your way out  
Don't you forget to close the door

I feel a change is coming  
I'm getting out, I'm running  
This time I've got to win  
You can call me anything but

Don't call me  
Don't call me babe  
Don't call me  
Don't call me babe

I don't know who to trust  
Was left for dead before  
I don't believe in you  
Or anything no more

I feel a change is coming  
I'm getting out, I'm running  
This time I've got to win  
You can call me anything but

Don't call me  
Don't call me babe  
Don't call me  
Don't call me babe

Don't like your style  
You're off the case  
Don't like your smile  
Don't like you face

Don't call me  
Don't call me babe

Your little girl  
Is not your little girl no more  
On your way out  
Don't you forget to close the door

I feel a change is coming  
I'm getting out, I'm running  
This time I've got to win  
You can call me anything but

Don't call me  
Don't call me babe  
Don't call me  
Don't call me babe

Don't call me  
Don't call me  
Don't call me  
Don't call me

Don't call me  
Don't call me babe
