Shampoo

Hello, Hello.
Have we met before?
Not you again.
Oh what a bore
You're so cold.
Not barely alive.
You're so old
You must be twenty-five.

Monster..... Monster..... Monster.

Go ahead.
You can hide.
Even though, we've got nothing to say.
'Soon as we part,
It's always the same.
Really can't remember your name

You're the monster,
You're the monster....
Monster

You're the monster,
What a monster....
You dirty monster
Monster.....
