

# High School: The Rap

Shane Dawson

Rule number one:  
Act like you don't give a fuck  
Here's your homework  
Try to get your peepee sucked

Rule number two:  
Avoid the cafeteria  
Bring your own lunch  
Or you'll get diarrhea

Rule number three:  
Find your posse  
Just not the crazy kids that  
Hangs underneath the crazy tree

Rule number four:  
No hot Cheetos  
Looks like you're on your period  
Strachting your ho-ho

High school, it's a crazy time  
These are the ways that you stay alive  
Listen up, cause we got some tools  
In the form of rules

Rule number five:  
Don't join the Harry Potter club  
Or a jock will shove  
A quidditch stick up your butt

Rule number six:  
When you need to take a piss  
Don't use a stall  
Or they're call you a baby dick

Rule number seven:  
Have fashion taste, short-shorts  
Will give you an under the waist sad face  
Oh, wait you don't know what that is  
It's when you're fabric of your shorts  
Gets caught in your pussy lips

High school, it's a crazy time  
These are the ways that you stay alive  
Listen up, cause we got some tools  
In the form of rules

Rule number eight:  
Find a seat by your crush  
Except in health class  
Herpes slides will fuck that up

Rule number nine:  
Try to fuck at a teacher  
Get caught, sue the school  
For some cheddar

Rule number ten:  
If you're in a class you hate  
Fake interested and  
Make a Taylor Swift face  
" [Gasp] You just blew my mind  
Wow, teacher you're one of a kind."

High school, it's a crazy time  
These are the ways that you stay alive  
Listen up, cause we got some tools  
In the form of rules

Break down!

Don't cheat off an Asian  
They're over-rated  
Don't bring ethnic food to class  
Or you'll be hated

Duct tape wallets are disgusting  
And they attract stray pubes  
If you like a girl  
Don't ever call her "dude."

Having lunch with a teacher  
Is super creepy  
Dressing like an Anime character  
Is also creepy

Cleaning your braces in public  
Is really gross  
And lastly  
Just remember this quote

High school, it's a crazy time  
These are the ways that you stay alive  
So don't give up cause it's just four years  
Then it disappears
