

Last Sunday Night

Shane Dawson

There's a black guy in my bed
There's a ringin' in my head
Empty bottles on the floor
A tied up dead asian whore

I should probably take a bath
Put some ointment on my rash
Is that a piercing on my twat
I don't remember getting that

Pictures of last night
Ended up online
Of me nood, retweet
Who's that Mexican?
Did I get hitched again?
Oh no!

LAST SUNDAY NIGHT!

Yeah we drink until we dropped
Neighbors tried to call the cops
But no one could make us stop
Last sunday night
Naked tennis in the park
Try to light a fat guy's fart
Yeah that wasn't very smart
Last sunday night
Emo kids were getting crunk
Trampoline when we were drunk
Ended up not being fun
Last sunday night
Getting tazered by the cops
Always say we're gonna stop
Op Ohwoah
But this sunday night

Do it all again....
But this Sunday Night...
Do it all again....
But this Sunday Night...

Last sunday night!

Pin the penis on the whore
Light a fire making smores
Have no DJ cause' we're poor
Last sunday night
Got my hand stuck in a drain
Never been in so much pain
Even Paris Hilton came!
Last sunday night
Pool full of chocolate milk
Perfect for a lesbo fight
Telling racist jokes all night
Last sunday night
Yeah I think we went too far

Always say we're gonna stop
Op Ohwoah
But this sunday night

Do it all again
