

# Bring Your Nothing

Shane & Shane

I looked inside and found nothing  
Just like You said I would  
But You created from nothing  
So I am waiting  
I think You said, "Bring your nothing  
And I'll give everything"

Oh, God of mercy  
God who understands me  
God who made me thirsty  
Then came down and gave me drink

If You created from nothing  
Then I am waiting  
Cause all I have is my nothing  
But I bring all of me

Oh, God of mercy  
God who understands me  
God who made me thirsty  
Then came down and gave me drink

Overflowing  
Never-ending  
All sufficient King  
Overflowing  
Never-ending  
All sufficient King  
I'll bring nothing  
You bring everything  
How could it be?  
I'll bring nothing  
You bring everything  
How could it be?

Oh, God of mercy  
God who understands me  
God who made me thirsty  
Then came down and gave me drink

I looked inside and found nothing
