Found It All

Shane & Shane

Christ the reason for my living
My very breath my all in all
Christ the source of my thanksgiving
My salvation and my song

I found it all I found it all in You
I found it all I found it all in You
Everything I ever wanted, everything I'll ever need
I found it all I found it all in You

Christ the gift and Christ the giver
The only One who satisfies
Christ my friend and Christ my Savior
The only way the truth the life

I found it all I found it all in You
I found it all I found it all in You
Everything I ever wanted, everything I'll ever need
I found it all I found it all in You

I found it all I found it all in You

Your power in surrender
Your strength when I was weak
Your patience in the waiting
Provision for my needs
Your heart when mine was broken
Your will for my desire
Your peace within the chaos
Your presence in the fire
For love You laid it all down
You died and You were raised
Now I've received the freedom
Of new life beyond the grave

I found it all I found it all in You
I found it all I found it all in You
Everything I ever wanted, everything I'll ever need
I found it all I found it all in You

Your power in surrender
Your strength when I was weak
Your patience in the waiting
Provision for my needs
Your heart when mine was broken
Your will for my desire
Your peace within the chaos
Your presence in the fire
For love You laid it all down
You died and You were raised
Now I've received the freedom
Of new life beyond the grave

I found it all I found it all in You
I found it all I found it all in You
Everything I ever wanted, everything I'll ever need
I found it all I found it all in You

I found it all I found it all in You
I found it all I found it all in You
