

## Grace Is Sufficient

Shane & Shane

What are you gonna do  
When the doctor comes  
Into the waiting room  
Puts his hand on you  
And says I'm sorry?

What are you gonna say to God  
When all you do is pray to God  
To take the thorn away?  
And all you hear him say is

My grace is sufficient  
What are you gonna do  
When your neighbor walks  
Into your living room  
And you to tell him  
Who could deliver them  
Like He delivered you?

My grace is sufficient  
What are you gonna say to God  
When everything you prayed to God  
Came your way but you forgot to thank Him?  
And all you hear Him say is  
My grace
