

# Miracle

Shane & Shane

Every week I hear a story of a miracle  
And if I'm honest I'm tired of seeing none at all  
I don't need to see a dead man come alive  
All I want is you to fill me up inside

I need You Lord  
Even more than the air I breathe  
I need You Lord  
Right away  
I need You Lord  
Every minute of every day  
I need You Lord  
Right away

Today I'm asking for a miracle  
Anything you got God big or small  
I don't need to see the cancer go away  
All that I want is to know that it will be ok

I need you I need you
