Only There

Shane & Shane

Oh, how long my heart has struggled
With its fear and unbelief
Though my heavy-laden spirit
At the cross would find relief
I have wandered in this darkness
Not a ray of light within
But my faith at last has led me
To the cross with all my sin

Only there, only there
Love and mercy flow for me
Only there, only there
Can I find my rest in Thee

Only there my hope is clinging
Trusting Christ and Christ alone
Knowing full I stand forgiven
Through Thy merit not my own
And I know that You will keep me
None can separate your love
I employ the power that saved me
To the Savior's feet I come

Only there, only there
Love and mercy flow for me
Only there, only there
Can I find my rest in Thee

I find my rest
I find my peace
I find my hope
I'm finding everything I need
I find my rest (Only there)
I find my rest (Only there)
I find my peace (Only there)
I find my hope (Only there)
I'm finding everything I need
I find my rest (Only there)
I find my rest (Only there)
I find my peace (Only there)
I find my hope (Only there)
I'm finding everything I need (Yeah)

Only there, only there
Love and mercy flow for me
Only there, only there
Can I find my rest in Thee
Only there, only there
Love and mercy flow for me
Only there, only there
Can I find my rest in Thee
Only there, only there
Love and mercy flow for me
Only there, only there
Can I find my rest in Thee

Can I find my rest in Thee

I will find my rest in Thee
