

Rain Down

Shane & Shane

In the light of the King's face
There is life
Giving favor to His children
Like a cloud of rain
Rain is falling in His presence
On our thirsty hearts
As we seek the knowledge
Of your will
Oh God impart

Oh never, ever ending river
Fill us up

Rain down upon us
Rain down upon us
We need You
We need You
Rain down

One thing we ask
And Lord we humbly seek
That in Your shelter we can hide
And gaze upon the King
In His presence we find fullness
We are satisfied
Come, Lord Jesus, let us look
Upon You with enlightened eyes

You are raining down and
We are filling up
You keep raining down and
We keep filling up
