

Still

Shane & Shane

Run and run and run
Is all I've ever done
But still Your grace is right beside me
Fight and fight and fight
Oh God You know I've tried
But I can't tide these demons over

I don't see how You can love me still
I don't see how You can love me still
I don't see how You can love me still
I don't see how You can love me still

Run and run and run
You pursue in love
And You won't lose me when I wander
Fight and fight and fight
You gave Your son to die
For debt that I could never pay for

And I don't see how You can love me still
No I don't see how You can love me still
I don't see how You can love me still
I don't see how You can love me still

How You love me
How You love me

You threw my sin in the sea
My vices sunk in Your mercy deep
You carried my cross on Calvary
You took the nails that were meant for me
With every breath You bore the pain
Of all my guilt, and all my shame
You paid my price on that day
You gave Your life, and took my grave

I don't see how You can love me still
I don't see how You can love me still
I don't see how You can love me still
I don't see how You can love me still

How You can love me still
