Victory

Shane & Shane

Would I give you all I have?
What do I have to give that you don't already own?
I'm yours, You've made me great

Oh what could be great about my life
None other than the one and only God living inside?
I'm yours, You've made me great

Your steadfast love gives

The victory, the victory, the victory
Oh Your love has made me great

Great (you have made me great)
You made me great (you have made me great)
You made me great (you have made me great)

Your steadfast love gives

The victory, the victory, the victory
Your steadfast love gives

The victory, the victory, the victory
Oh your love has made me
Your love has made me
Your love has made me great
