

Your Love

Shane & Shane

I'm overcoming fear
With Your perfect love, Your perfect love
You're opening my ears to hear
The sound of a lover's voice
You're calling out, You're calling out
Let me see Your face, Your loving face

Your love tears me up
And when its done
Puts me together

I'm overcoming fear
With Your perfect love, Your perfect love
You're opening my ears to hear
The sound of a lover's voice
You're calling out, You're calling out
Let me see Your face, Your loving face

Your love tears me up
And when its done
Puts me together
Your love calls me out
Of my death and my failure
Love, Your love

Your love tears me up
And when its done
Puts me together
Your love calls me out
Of my death and my failure

Your love tears me up
And when its done
Puts me together
Your love calls me out
Of my death and my failure
Love, Your love, Your love
