# 101

**Shanell**

I know what you're used to, babe
But obviously you want me
And if you wanna make it worth my night
Let me teach how to love a lady
So forget everything you thought you knew
And take a seat in my school
And you can keep this lesson, I swear
All them niggas, they be talking 'bout how they beat it up
They gonna wish they can give that

Baby, if you do it right I might just have to keep you around here, baby
That 101, that 101
Let me think of you when you're not even around
I'll give you an A if you earn it
'Cause I like it just how I like it
Baby, let me give you that 101
That 101

Go ahead and set the mood
And I'll sit back and watch you
Take your time trying to take me there
And when you see I'm ready …another girl like you just came home, baby
Whisper things to me and show me how you do it
Make me want it until I'm running from it
That's all I need you to do
Just make it special for me, baby
And if you get it right, you can be the only one
You can give me that

Baby, if you do it right I might just have to keep you around here, baby
That 101, that 101
Let me think of you when you're not even around
I'll give you an A if you earn it
'Cause I like it just how I like it
Baby, let me give you that 101
That 101

See, baby, it's the simple things
That will keep me right here next to you
Do it better than anyone could
Make me tell my girls how good is should be
Baby, listen to me, I'm telling you
I'm training you, I'm teaching you
I'm giving you this lesson on me
Gotta keep my body guessing
It's time I put your best in, I'm testing you
On this 101

Baby, if you do it right I might just have to keep you around here, baby
That 101, that 101
Let me think of you when you're not even around
I'll give you an A if you earn it
'Cause I like it just how I like it
Baby, let me give you that 101
That 101
