

Hotel

Shanell

Last night was something serious
I can tell that you not that concerned about it
Don't know how you got up in my hotel
How you got up in my hotel
I done had too much liquor in me
Might of let you get the best of me
All I know is you're here in my hotel
Boy you're here in my hotel

What I'mma tell my mother
He gone wannna' hear me say something
What I'mma tell my mother
He gone wannna' hear me say something
Over my head lying in this bed
Hoping you forget what we did

Do you remember what happened last night
Do you remember
Do you remember
If you do
Don't tell nobody
If you do
Don't tell nobody
Do you remember what happened last night
Do you remember
Do you remember
If you do
Don't tell nobody
If you do
Don't tell nobody

Last night was unreal babe
I can't blame the way you feel babe
Looking at me like I'm suppose to
Wanna hold you like I know you
I can't even try to talk about it
We don't need to make a fuss about it
Let's just try to play it real cool
Best thing is to play it real cool

What I'mma tell my mother
He gone wannna' hear me say something
What I'mma tell my mother
He gone wannna' hear me say something
See I'm in over my head lying in this bed
Hoping you forget what we did

Do you remember what happened last night
Do you remember
Do you remember
If you do
Don't tell nobody
If you do
Don't tell nobody
Do you remember what happened last night
Do you remember
Do you remember

If you do
Don't tell nobody
If you do
Don't tell nobody

What I'mma tell my mother
He gone wannna' hear me say something
What I'mma tell my mother
He gone wannna' hear me say something
Over my head lying in this bed
Hoping you forget what we did

Do you remember what happened last night
Do you remember
Do you remember
If you do
Don't tell nobody
If you do
Don't tell nobody
Do you remember what happened last night
Do you remember
Do you remember
If you do
Don't tell nobody
If you do
Don't tell nobody
