

Last Time

Shanell

Touch me right there, like you miss me already
See I'm a make you wish you never did what you did to me
And when I leave you there I'm a make you beg, beg for me
See I'm a write my name all over your sheets yeah
I'm a make it good, for the last time
I'm a make it good, for the last time
I'm a make it feel just as good for him as I did for you
I'm a make it feel good, for the last time oh
Should of got it when you had it, when the? was good
He gon like the way, way I feel on top
And I'm a make him say the same things that I heard you say to me
So let me practice babe tonight, before I, before I go give it away
I'm a make it good, for the last time
I'm a make it good, for the last time
I'm a make it feel just as good for him as I did for you
I'm a make it feel good, for the last time oh
Should of got it when you had it, when the? was good

Oh that's how you really feel
You gon let him lick the pussy how like I lick it (oh man what the fuck) Spread it open like? so he can stick it
Come here let me put my face so far in it I could probably see your lung
Soon as I'm coming up for air I'm a kiss you on your mouth so you can taste your salt on my tongue
Taste good right, I feel the way I make your body shiver, I don't care what you say it's the last time, oh never mind that I'll make you reconsider
Ok babe let me adjust you a little, now you laying on your stomach, nibble on your neck, tickle on your pearl with my finger put that arch on your back how I love it
Breathe, a little heavier for me, as we get in to it, ?
I'm a give it to you like nobody ever did, play with it, make it swim a little bigger
I ain't gonna stop you if you really wanna leave
But make sure I don't see you with that other nigga
I'm a make it good, for the last time
I'm a make it good, for the last time
I'm a make it feel just as good as for him as I did for you
I'm a make it feel good, for the last time oh
Should of got it when you had it, when the? was good
