

# Roll Me on the River

Shania Twain

Give me sugar, when I'm feeling down  
Play my favourites, on the ride down town  
Love me tender, on the radio  
Turn it louder, kiss me slow

Roll me on the river  
Lay me in the sun  
Know that I could give me some

Listen to me closer, when I need your ear  
You don't need to say a thing, just be here  
Wake me with your wishes, chase me like a star  
Follow me until we go to far

Roll me on the river  
Lay me in the sun  
Know that I could give me some

Hold me like a promise, never give me up  
Keep me like a secret, in your cup  
Sober as rain, feeling no pain  
I'm falling  
From somewhere high  
Deep in your eyes

Roll me on the river  
Lay me in the sun  
Know that I could give me some

Roll me on the river  
Lay me in the sun  
Know that I could give me some

Hold me like a promise, never give me up  
Keep me like a secret, in your cup
