

I always knew I had  
Something missing from my life  
And it became so clear  
On the day that I became your wife  
I can give myself more freely  
Not afraid to love deeply  
You have given me such joy

Joy, joy, joy  
Joy, joy, joy  
You have given me a family of my own  
Of my own  
Joy, joy, joy  
Joy, joy, joy  
You have lifted me, you believed in me  
With you, I'm not alone  
I'm grateful you give me joy

God put two loving souls together  
To live and be as one  
And I feel so blessed to have you, my love  
To share what I've become  
A woman full of faith  
I finally understand my strength  
Thanks to you I know have joy

Joy, joy, joy  
Joy, joy, joy  
You have given me a family of my own  
Of my own  
You have given me  
Joy, joy, joy  
Joy, joy, joy  
You have lifted me, you believed in me  
With you, I'm not alone  
I'm grateful for the joy

Forever I'll stay with you always  
Committed to you  
I'm finally free, I found peace  
And I'm grateful I have joy

Joy, joy, joy  
Joy, joy, joy  
You have given me a family of my own  
Of my own  
Joy, joy, joy  
Joy, joy, joy  
You have lifted me, you believed in me  
With you, I'm not alone  
I'm grateful you give me joy
