

# Alone

Shannon Noll

I wanted you there  
I needed you there  
But I was alone  
I wanted you there  
I needed you there  
You left me alone

Now I don't want to sleep anymore  
Cos I don't want to dream anymore  
Now you're gone  
Now you're gone

I'm alone  
There comes a time  
When we realise  
We must say our goodbyes  
And walk on our own  
Cos we all  
Have our life to lead  
Our own blood to bleed  
When cut to the bone

Now I don't want to sleep anymore  
Cos I don't want to dream anymore  
Now you're gone  
Now you're gone

Yeah  
Untitled the reasons  
Why you had to go  
Like someone reached in  
And tore out my soul  
Messages left  
Now your story's untold

So now on  
So now on  
I'm alone  
I'm alone  
Here on my own  
I'm alone  
Now the girl  
That I knew is gone  
Doesn't seem so long  
Since I had you here
