

Captive to Nowhere

Shannon Wright

Burst into flames
In pieces on the ground
Have you been to nowhere
To no one?
In fable's arms
From this moment on
Bitter in my mouth
As it washes down

(Chorus)
Like you're captive
In these burden days
Captive to nowhere
Yea, you're captive
In these burden days
Captive to nowhere
Burst into flames
In pieces on the ground
In fable's arms

From this moment on
It's bitter in my mouth
As it washes down

(Chorus)
Like you're captive
In these burden days
Captive to nowhere
Yea, you're captive
In these burden days
Captive to nowhere
You're captive
In these burden days
Captive to nowhere
Like you're captive
In these burden days
Captive to nowhere
