Shareefa

[Bobby:] Wassup baby  
[Shareefa:] Wassup  
[Bobby:] You still up?  
[Shareefa:] Mmhmm  
[Bobby:] I need some woman in me,girl, I missed you

Hey babe, I've been waiting  
Where you been all night  
I was calling you  
Baby, take off your coat  
'Cause I'm gonna take good care of you  
Come close, I need you  
Don't you worry about anything

We've working late, baby  
Now I'm home and you're here  
No time to waste, I can't wait  
Give me your lovin'  
Off the clock, now home to to you  
So tell if you ready to do  
What we been waiting on  
Give me your lovin'

Workin hard (so hard) on the clock  
See you've been calling me, yea  
Sounding so damn sweet plus you so sexy  
Light the fireplace for me  
I'll put a all nighter  
I ain't working tommorrow  
'Cause tonight is yours

We've working late, baby  
Now I'm home and you're here  
No time to waste, I can't wait  
Give me your lovin'  
Off the clock, now home to to you  
So tell if you ready to do  
What we been waiting on  
Give me your lovin'

{I miss your touch} I miss your body  
{Give me some more} We sweatin' like a safari  
{That was just round two} We can go on forever  
{But I need some juice} Leak it to a river

We've working late, baby  
Now I'm home and you're here  
No time to waste, I can't wait  
Give me your lovin'  
Off the clock, now home to to you  
So tell if you ready to do

What we been waiting on  
Give me your lovin'
